## DEGREE COLLEGE

Powered With Certification Programme

(Affiliated to Osmania University)

Making Young  
**LEADERS**  
One Global Experience

# Elevate Your Career with Sustainable Business Education

At B schools it is not enough to equip an aspiring manager with theoretical concepts and explanations. To stand different from the crowd one has to learn the art of applying the theoretical knowledge into practical realm. LMA Degree College provides an exposure to the corporate world by following different techniques

- Case Studies by experts in various disciplines like HR, Marketing and Finance
- Simulation Exercises
- Role Plays
- Corporate interactions, seminars, Workshops
- Certification Programmes

## BBA - Business Administration

Business Administration (BBA) is a graduate degree that provides students with professional management qualifications that lead to positions of business leadership. BBA education is expanding in tandem with the Indian economy and industry.

## B.Com Computer Application

B.Com (Computer Application) is a 3-year bachelor's degree course that provides students with an in-depth understanding of computer programming, applications, software development along with business management. This course is mainly for students who have an aptitude for computer programming and an interest in commerce. The academic training includes the basics of commerce and computer programming, software design, hardware technicalities, to name a few.

## BCA - Bachelor in Computer Application

Bachelor in Computer Application (BCA) is a graduate degree that provides students with skills not only about computer and Information Technology but also in Communication, Information and Management. BCA has become one of the most sorted course for the students who have studied Mathematics, Science or Commerce as their subjects in 10+ 2 OR Intermediate.

## B.Sc. Computer Honours

B.SC Computer Science (Honors), a 4 year Degree programme equivalent to B.Tech (Computer Science Engineering). B.Sc. (Hons.) in Computer Science is a Four-year full-time undergraduate programme. The program is divided into Eight semesters. Each semester lasts for a period of 6 months and the course admission requires the minimum eligibility of a Higher Secondary Certificate (10+2) with an aggregate score of 50%. The programme offers a nuanced study of the theory and practical experimentation.

# LMA About LMA Degree College

The courses at LMA Degree College offers a wide range of education and prepares a student for a long and fulfilling career. The courses offered at LMA Degree College are affiliated to Osmania University. "Because a thing seems difficult for you, do not think it impossible for anyone to accomplish". - Marcus Aurelius

London Management Academy firmly believes that providing Quality education happens to be a continuous process and maintaining high quality education is the Hallmark of progressive educational institutions. The lecturers at London Management Academy have the ability to ensure cognitive development of the students and nurture budding leaders. It is indeed gratifying to note that London Management Academy caters to the needs of different students going down to their level of understanding the subject. The undergraduate programs provided at London Management Academy are BBA, BCA, B.Com Computer Applications and B.Sc (Honours).

It is not an easy task to set standards of quality education year by year. At London Management Academy, we incorporate the latest trends in the field of education by empowering our students with the latest certification courses like Cyber Security, Digital Marketing, Six Sigma, Artificial Intelligence and soon. We also focus of providing the students with IELTS training which helps them in getting admissions in top universities like St. Louis University, University of Bridgeport, King College, London, Lewis University, University of Massachusetts Dartmouth, University of Illinois and several other universities in different Countries throughout the world for their higher studies. The education system at London Management Academy blends the Osmania University syllabus with several multi-dimensional courses.

**Mr. PREMSAGAR GANDRA**  
CHAIRMAN

Dear Readers,

Today, the Indian economy calls for innovation and constant change as the liberalization and globalization process has posed a large number of challenges. We need high quality managers and technical professionals who should be more entrepreneurial in skill, quality and nature.

Our potential for creativity is unlimited and the quality managers need to realize this fundamental truth and start thinking out-of-the-box for new ventures and product-lines which calls for knowledge-based management where knowledge capital has to be largely used for competitive advantages. It is also for top management to encourage and motivate the managers to convert ideas into reality and try-out new projects.

The courses of this Institute are designed addressing the practical requirements of the business and industry and we are striving to develop an academic environment making industrial and field visits frequent enabling tomorrow's professionals come closer to the real enterprise challenges.

The recessionary times have passed and the global economy is on the recovery path. With the positive change BBA hiring is likely to improve further. Today, corporate want their employees to be creative, dynamic and practical. Our BBA programme provides the students with an exposure to the corporate and also traditional values. The new updated infrastructure is well maintained with good teaching and other facilities.

We are proud to say that our faculty comprises of a good blend of academic and industry professionals.

The past year turned out to be an eventful and exciting experience since our students have performed very well in their results and have been well placed. My sincere appeal to all my students is to have a simple focused agenda as a new year resolution, to strive hard for better results and acquire the right attitude to become professional managers.

## Guidance For Higher Studies Abroad

Pursuing Masters' abroad helps a student learn new approaches to handle different situations, manage time between studies and part-time jobs, experience international methods of instructing and deal with a cosmopolitan crowd. This in turn also helps to increase your acumen on the subject and life, in general. For this, we prepare the students by counselling them and giving them an insight to various foreign universities. Students are trained for Entrance exams of these foreign universities.

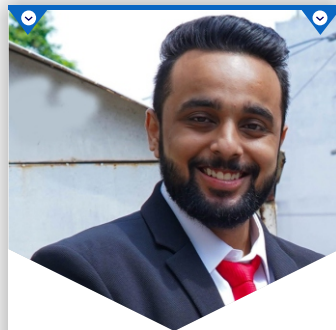

Every year there is a good number of students who travel abroad for the higher studies and make a career abroad. We have our students studying in various Universities in different parts of the world, like, London, United States of America, Canada, Australia.

The college is tied up with " TCollegeDayz " which is renowned name in the consulting industry which guides the students about the various options available to study abroad and helps them in building a career abroad.

# LMA Placement at LMA

The transition from College to a Corporate environment is a big adjustment for many graduates. Expectations and responsibilities in the workplace are very different than those in College. There are unspoken nuances and social norms that many graduates are completely unaware of and adjusting to a professional environment can be extremely challenging as also traumatic to a few.

CRT model of Training Programs aims to make the transition easy. It would be a definite boost to their personal contribution and performance levels in the organization. A capable Trainer/ Mentor at this point would bring in the comfort zone for them to familiarize themselves with the work culture. This program is aimed at directing the new executive to get in tune with the VISION of the Organization

## CRT will be the bridge, adding value and providing training on the basics of

- Professional conduct
- Fundamentals of communication
- How to make a good first impression

## Star Recruiters

We are glad to share our success that LMA has 100% FIT(Final Internship Programme) and placement record. Our FIT programme and trainings boost students confidence and ensures that they start their career in a company right after their Second year first semester.

Our intensive interview Skills trainings and LDP promise 100% Job guarantee. Our placements team works for management specify jobs all through the year. We have a strong bond with the Corporate Industry. Our placement team's experience and network ensures you to achieve admirable placement in your Final year.

# LMA Events at LMA & Testimonials

## Testimonials

**Saphal Kumar, Student**

"In this land of competition, career choice and job satisfaction don't complement each other. But London Management Academy has just provided me that and I am indebted to them for such a selfless favor to a management graduate."

**Siddi Anjani, Student**

"I am feeling honored to study in this college. We have supporting and motivating faculty members. The events conducted in the college help in overall grooming of the student. The best college to study."

**Vijayasree, Student**

"I can positively say LMA has made me a better person. It has helped me develop a positive attitude towards my studies and discover more about myself. Teachers are very caring and interested in students' well-being. They make sure every class is fun, educational and interactive."

**Tarun Srivastava, Student**

"I can positively say LMA has made me a better person. It has helped me develop a positive attitude towards my studies and discover more about myself. Teachers are very caring and interested in students' well-being. They make sure every class is fun, educational and interactive."

**Suman Kumari, BBA III Year Student**

"I am happy to study in LMA as it gives an opportunity to all the students to learn and develop in an encouraging environment. I recently got placed in a good company through the placement team of our college. Feeling very happy."

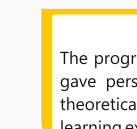

**Aditya Narayan Mazumdar, Student**

London Management Academy has been an institute that helped me nurture my skills and grow in leaps and bounds. It has given me the guidance and support to grow both professionally and personally. The campus is very secure and provides various facilities from a well-managed library to state-of-the-art classrooms

**Shreya, Student**

"I am feeling honored to study in this college. We have supporting and motivating faculty members. The events conducted in the college help in overall grooming of the student. The best college to study."

**Kaushik, Student**

The program no doubt was rigorous but the faculty was very motivating. They gave personal attention to each student academically. Not only were they theoretical but also experiential. Both the faculty as well as the staff made the learning experience enjoyable and intellectual.

**Varun Sanghi, Student**

This College is worth applying because the faculty really puts a lot of effort into students. When a student has a problem, the teacher would walk to their desk and help the student. In addition, the tutoring department also helps a lot if students have any questions after class or if they have problems with their homework.

# LMA Voice & Accent Soft Skills & IELTS

*“Let's Speak” takes the pleasure to introduce themselves as the pioneers in the field of innovative and modern teaching technique under the auspices of LET's SPEAK (With Precision). The idea of expression, having passion for the language is something, which is followed by few some, but through their teaching technique, a person will have maximum confidence in expressing his / her views without any hesitation and nervousness.*

The main motto is to build confidence which is in every individual conscience, knowingly or unknowingly or because of the neighbourhood / surroundings / at home or family background.

LET's SPEAK (With Precision) makes it easy with a unique concept, especially designed for the overall development / confidence building / personality development and getting command on the language of every student through its exclusive Communication Skills Program. LET's SPEAK (With Precision) is an initiative to empower students and make them 'Future-Ready'. It is a Start Up in the Feld of Education with a vision to sustain the growing competition and upgrade manpower starting at the basic level and continuing till the students are personally developed to face the challenges at national and international level.

Ms. Debatri Ray, the brain behind conceptualizing easy technique / methods of making a language, which is accepted and spoken almost across the worldwide. ENGLISH, for every strata of the society.

Irrespective of an individual background. LET's SPEAK was initiated in 1999, but was mainly engaged in IELTS classes. Later on Communication Skills, Spoken English, Voice and Accent Training, Train the Trainers program, Corporate Training were undertaken. Understanding Children's mentality and interests are an important factor for our course. We extensively try to achieve that so that the young minds can push out all negativity and hesitation from their lives with great learn.

## Highlights

Expert trainers with years of experience.
